"I look up to people back home who are holding high positions. Whenever I talk to them I ask them what university they went to, they all tell you that they went to the University of Greenwich."

Jacqueline Kumadoh

Environmental Conservations Student

"The University of Greenwich is a very serene place with all modern facilities."

"They have got sports facilities and an inter-campus bus facility which makes it easy to travel between the three campuses. They have got entertainment facilities where you can socialise and an international cafe that is organised weekly. It helps to meet other international students and to get to know people."

"There are African shops where I can get Caribbean food to buy. There is a nice community where I go to meet other Ghanaian people. There are churches and mosques where I can freely practice my religion. When I am done with my studies I hope to get employment with any organisation in the whole wide world because my network is now broad and I have a further opportunity."

"I like the experience I have got here. The experience that the University of Greenwich has given me, in terms of academic, in terms of socialism, in terms of everything. I am going to take it back home so that people will know what this university is about and what they have done for me."
