

Secondary Teacher Training

Transcript

Voice-over

Train as a secondary school teacher with one of the UK's largest providers of teacher education. Gain the practical skills you'll need with placements with our partner schools. You'll learn from staff with considerable experience and be supported by a specialist mentor. All our programmes lead to a recommendation for Qualified Teacher Status, and with 84% of our graduates going into full-time employment you'll enjoy excellent career prospects too.

Dr Liz Morrison

Head of Secondary Education

"Teaching is a job which is never boring. When you go to school and you start work you forget about all of the other things that you think you have to remember."

Nancy Stotting

Design and Technology Secondary Teacher Training Student

"I've loved everything actually more than I thought I would. The teaching is great fun."

Dr Liz Morrison

Head of Secondary Education

"At the University of Greenwich we've been training teachers for over a century and because we have such a long history we've developed very strong partnerships with the local secondary schools and schools into Kent and south-east England."

Paul Scott

ICT Secondary Teacher Training Student

"The educational world is always changing and the PGCE prepares you quite well for that."

Dr Liz Morrison

Head of Secondary Education

"They train to be ICT teachers, design technology, physical education and sport, chemistry, biology, physics, maths and music teachers. The particular qualities that we look for are people with an enthusiasm for their subject."

Nancy Stotting

Design and Technology Secondary Teacher Training Student

"I just wanted to put back into society really and design technology obviously I'm biased, but I think it's the best subject to teach."

Paul Scott

ICT Secondary Teacher Training Student

"I'm studying PGCE Secondary Information Communication Technology purely because I wanted to change my career path."

Fiona Chéry

Maths Secondary Teacher Training Student

"For me it was a great transition to be able to do a one year course to be able to teach maths."

Paul Scott

ICT Secondary Teacher Training Student

"Secondary school is really where students choose their career paths so I wanted to help steer them in the direction of IT."

Nancy Stotting

Design and Technology Secondary Teacher Training Student

"It's really good fun. It's really diverse and it's got its vocational skills as well and it's got transferable skills."

Paul Scott

ICT Secondary Teacher Training Student

"The teaching experiences have been really interesting. They've used loads of different approaches."

Nancy Stotting

Design and Technology Secondary Teacher Training Student

"Their subject knowledge is incredible and they just transfer it to us and it's just fantastic."

Fiona Chéry

Maths Secondary Teacher Training Student

"You do feel that there's support in place to allow you to be successful."

Dr Liz Morrison

Head of Secondary Education

"The teaching rooms for the PGCE students here at Avery Hill Campus are equipped with a range of facilities."

Nancy Stotting

Design and Technology Secondary Teacher Training Student

"Technology is constantly changing and schools are using all these amazing facilities and they have them at Greenwich. They're actually probably even bigger and better."

Paul Scott

ICT Secondary Teacher Training Student

"The libraries are brilliant. They have got every book you could possibly want."

Transcript

Nancy Stotting

Design and Technology Secondary Teacher Training Student

“The technicians they have are amazing and they’re so helpful and they are always around to help.”

Fiona Chéry

Maths Secondary Teacher Training Student

“During this course we’re doing two placements. It’s been very interesting and challenging.”

Dr Liz Morrison

Head of Secondary Education

“We provide specialist training for school mentors so that the students have the best possible experience when they are in schools.”

Nancy Stotting

Design and Technology Secondary Teacher Training Student

“Future plans when I graduate. Get a job as a design technology teacher.”

Dr Liz Morrison

Head of Secondary Education

“Quite a number of our subjects that we offer on the PGCE programme are priority subjects. They are shortage subjects in schools which means that the students have a good opportunity to get jobs.”

Fiona Chéry

Maths Secondary Teacher Training Student

“You learn so much and it just increases your employability after the course, so it’s excellent.”
