Ashish Vashisht

Computing Systems and Networking Student

"I am from India and the thing I like about Greenwich is that it is a diverse university. There are people from all religions, all cultures and you get such a nice experience."

Arqam Zubaire

Mechanical and Manufacturing Engineering Student

"Greenwich is one of the very good universities when it comes to student satisfaction, which is the major thing I was looking for. That is what makes Greenwich different from other universities. I thought the University of Greenwich would give me that extra edge, the competitiveness to go on to do my stuff."

Ashish Vashisht

Computing Systems and Networking Student

"The campus is really beautiful. It has got a touch of history and you feel like you are studying in palaces. Also the lecturers and professors are quite helpful."

Virali Dilip

International Studies Student

"Where I come from we never used to get that kind of support but after coming here, learning in a new environment, learning with new colleagues, they really helped me."

Arqam Zubaire

Mechanical and Manufacturing Engineering Student

"I am living in London and it is a very lovely city. London is one of the major cities in the world. There are so many things to explore: nightlife, museums, Millennium Bridge, Westminster."

Virali Dilip

International Studies Student

"It is really quick. It is really easy to get from one end to the other one."

Arqam Zubaire

Mechanical and Manufacturing Engineering Student

"Everything looks historic and modern at the same time. You see a fusion of cultures. People from all over the world like London."

Ashish Vashisht

Computing Systems and Networking Student

"The agents in India helped me to find the right paperwork, get the visa in two days, so it was really quick and easy. When I arrived there was a little induction by the International Office. We met all of the students from different parts of the world so it was like a little social thing."

Arqam Zubaire

Mechanical and Manufacturing Engineering Student

"They guided us here to get settled in the UK."

Virali Dilip

International Studies Student

"Accommodation, travelling, everything related with the jobs."

Ashish Vashisht

Computing Systems and Networking Student

"It helps you gain a lot of knowledge, a lot of information, what you need when you arrive at university."

Arqam Zubaire

Mechanical and Manufacturing Engineering Student

"When you are in a new place you need to see a familiar face, speak a familiar language, and there are a lot of students that come from India, so it is the best of both worlds. You get people from India to speak to and then you have a different culture from all around the world."

Virali Dilip

International Studies Student

"You do not feel as though you are missing your home."

Ashish Vashisht

Computing Systems and Networking Student

"The accommodation facilities are really good. The buildings are near to each other. People are so friendly. There is a little social place and you have got university buses."

Arqam Zubaire

Mechanical and Manufacturing Engineering Student

"The more you speak in English the better because English is a universal language."

Virali Dilip

International Studies Student

"After studying here at the University of Greenwich, I would definitely love to be a business analyst."

Arqam Zubaire

Mechanical and Manufacturing Engineering Student

"I would like to open a manufacturing unit in India."

Ashish Vashisht

Computing Systems and Networking Student

"Eventually I want to start a company back home."

“I think Greenwich is a lovely place. The study is of the highest standard you can get in the UK.”

Virali Dilip

International Studies Student

“It is worth it. You should step out of the box for yourself.”

Ashish Vashisht

Computing Systems and Networking Student

“I would recommend the University of Greenwich because it is so diverse.”

Arqam Zubaire

Mechanical and Manufacturing Engineering Student

“What more could one student ask for?”
