Zoha Hafezi

Biotechnology Student

"I am from Iran and one of the things that I really like about this university is that here you can see lots of people who are from different countries and cultures in one place and it is amazing."

Sarvin Hassani

Accounting and Finance Student

"The course that was offered was the exact course that I wanted which I could not find in many other universities. The way that the course is taught is very enjoyable."

Zoha Hafezi

Biotechnology Student

"There are three English language courses for those students who want to improve their English."

Sarvin Hassani

Accounting and Finance Student

"If you are doing the coursework and do not understand the subject you can easily arrange a meeting with your lecturer."

"They are always available whenever you want to see them. In the first week I was in the UK, I was given help. I didn't have to find a place to live, it was all organised for me through my agent before I arrived at the UK.

The International Office helped me with my bank account and renewing my visa."

Zoha Hafezi

Biotechnology Student

"I love English language and I also love British culture."

Sarvin Hassani
