STUDENT’S DECLARATION

All students are required to read the statements listed below and complete the declaration at registration to confirm that they have read, understood and agree with the University of Greenwich (‘the university’) to abide by the undertakings, terms and conditions contained in this document. Definitions of the terms in italics are contained in Appendix A.

If you object to completing the Student Declaration because of one of the conditions set below, please make your objection in writing to the University Secretary, University of Greenwich, Greenwich Campus, Old Royal Naval College, Park Row, London, SE10 9LS.

The Principal Conditions of Registration and associated policies and procedures are prepared in advance of the academic year to which they relate and every effort has been made to ensure that the information contained in them is, fair and accurate at the time of publication. However, this information is subject to change over time.

The university will take reasonable steps to provide the courses and services as described, however, the university cannot guarantee the provision of any course or facility. Some circumstances, such as staff changes, resource limitations and other factors over which the University has no control, such as industrial action or a change in the law or the level of demand for a particular programme or module (please note that this list is non-exhaustive), may result in the University having to withdraw or change aspects of the programmes, modules and/or student services detailed in the information you have been provided with by the University. This could include, but not necessarily be limited to, programme/module content, staffing, location where the programme/module is taught or the manner of teaching delivery, and the facilities provided to deliver or support the programme. Where circumstances demand an unavoidable change or where it is necessary for the University to discontinue a programme of study the University will take all reasonable steps to minimise the effect and all proposed changes will be notified to those students who may be affected at the earliest opportunity via the University of Greenwich Student email system.

1. REGISTRATION

1.1 I shall retain details of completing the university’s registration process for the whole of the academic session and note that the identification number shown is my unique student ID number which will be quoted on all university documents. I understand that I am required to register each academic year that my programme of study runs and that my registration should be completed within two weeks of the start of my programme of study. I further understand that the university is entitled to terminate my registration if I fail to complete the process in full, which includes tuition fee payment; verifying my identity and previously attained qualification documents as well as Disclosure and Barring Service (previously known as Criminal Records Bureau) and medical health clearance where required, if applicable.

1.2 I understand that if I have accepted an ‘Offer of Place’ at the university and I subsequently wish to change the conditions of this offer, for example change the programme or programme title for a research student or mode of study, that this would in fact constitute a new application and the university reserves the right to refuse such new application.

1.3 I shall at the scheduled place and time, produce my current valid passport and or original education qualifications and register for my Greenwich Gateway Card which will include an up to date photograph in the correct format.

1.4 I understand that I am required to carry my Greenwich Gateway Card at all times and to produce it upon request. I also understand that a charge will be levied for a replacement Greenwich Gateway Card.
1.5 If I am supported by Student Finance England, its regional equivalent, or another approved sponsor I shall provide full details and verification at registration. If I am not so supported, I understand that I am responsible for the payment of my own fees, which I shall pay annually at registration.

1.6 If I am supported by Student Finance England or its regional equivalent and registering on a programme of study requiring DBS and Occupational Health clearance, I am aware that the university reports students as registered on successful completion of the basic process, not including DBS and Occupational Health clearance. This is to avoid delaying access to funding. I further understand that once registered, should I become unable to satisfy the requirements of the DBS or Occupational Health Clearance and, through the appropriate procedures, I am required to leave the programme of study, that I will incur a fee liability in accordance with the Charging and Refund Policy.

1.7 If I am eligible for student financial support from Student Finance England or its regional equivalent, I understand that registering to this programme of study will affect my future entitlement to funding.

1.8 If I am in receipt of a grant or bursary, or of any payment via the university, I shall, when collecting it, produce my Greenwich Gateway Card.

1.9 If I complete my registration late I am aware that I may incur a late registration charge of £50 to cover additional administration costs and charges. This will include the DBS process and/or Occupational Health process.

2 TUITION FEES PAYABLE

2.1 For taught awards, including Masters by Research, I have checked and agree with the amount set out as due within the university’s registration process, which I confirm reflects the fees due for the number of courses/credits I am studying. I understand that the university reserves the right to charge for any additional courses/credits and/or to amend fee charges where these have been incorrectly applied. I understand that should I make accepted alterations to my programme of study or my mode of study this may affect the rate of tuition fees that I am charged which will be payable to the university.

2.1.1 For postgraduate research awards, including Professional Doctorates (EdD), I have checked and agree with the amount set out as due within the university’s registration process, which I confirm reflects the fees due for the relevant year of study, as per the Postgraduate Research Tuition Fee Charging and Refund Policy. I understand that the university reserves the right to charge for any additional courses/credits and/or to amend fee charges where these have been incorrectly applied. I understand that should I make accepted alterations to my programme of study or my mode of study this may affect the rate of tuition fees that I am charged which will be payable to the university.

2.2 Annual fee rate increases for students commencing programmes of study in 2016/17 from the 1st August 2016 and for those students who began programmes before the 1st August 2016 will come under the following policy for the increase of fees in subsequent years of their programme of study with us, this will include students who need to repeat periods of study where there is a fee due. Please note that students starting programmes from the 1st August 2017 will pay the published fee for new entrants to the 2017/18 Academic year and will come under a different set of arrangements to those advised below.

2.2.1 I understand that for undergraduate home and EU students assessed as paying fees at the home rate, that tuition fees are subject to an annual fee setting exercise and that they will rise annually in line with the RPI- X (Retail Price Index excluding mortgage interest payments) subject to the
maximum regulated fee rates set by the UK Government. This does not apply to students studying in the Medway School of Pharmacy who should refer to section 2.2.5 below.

A significant number of our undergraduate programmes of study for home/EU fee payers only are charged at the current maximum allowed fee rate of £9,000 and thus there will be no increase for continuing students if this maximum rate continues at this level. We would only consider an increase to the fee rate for continuing students in subsequent years if the government were to make changes to increase the maximum variable fee rate above the current £9000 and whether this was needed to reflect the increased cost of delivering the course in subsequent years.

2.2.2 I understand that for **Home and EU Postgraduate Research students** assessed as paying fees at the home rate undertaking an MPhil, PHD or an MA/MSc by research, that tuition fees are subject to an annual fee setting exercise and that they will rise annually in line with the fees as set annually by the Research Councils UK as available from their [website](#) and that I am bound by the rules as set out in [Postgraduate Research Degrees Tuition Fee Charging and Refund Policy](#). For students undertaking an MSc Research (Science) or an MSc Research (Psychology) that these fees are set in accordance with the fee setting advice below for Home assessed students on Postgraduate Taught programmes. We would only consider an increase to the fee rate for continuing students to reflect the increased cost of delivering the course in subsequent years. This does not apply to students studying in the Medway School of Pharmacy who should refer to section 2.2.5 below.

2.2.3 I understand that for **Home and EU Postgraduate Taught students and students undertaking an MSc Research (Science) or an MSc Research (Psychology)** assessed as paying fees at the home rate, that tuition fees are subject to an annual fee setting exercise and will rise annually by no more than RPI - X + 3% (Retail Price Index excluding mortgage interest payments +3%). We would only consider an increase to the fee rate for continuing students to reflect the increased cost of delivering the course in subsequent years. This does not apply to students studying in the Medway School of Pharmacy who should refer to section 2.2.5 below.

2.2.4 I understand that if I am a student assessed as paying fees at the **international rate**, that tuition fees are subject to an annual fee setting exercise and will rise annually by no more than RPI - X + 3% (Retail Price Index excluding mortgage interest payments +3%). We would only consider an increase to the fee rate for continuing students to reflect the increased cost of delivering the course in subsequent years. This does not apply to students studying in the Medway School of Pharmacy who should refer to section 2.2.5 below.

2.2.5 I understand that for **Undergraduate and Postgraduate students studying in the Medway School of Pharmacy**, tuition fees are subject to an annual fee setting exercise and that they will rise annually by no more than RPI +3% (Retail Price Index +3%), except where fees are regulated by the Government or applicable Research Council. Fees will then be increased by an amount up to that permitted.

A significant number of our undergraduate programmes of study for home/EU fee payers only are charged at the current maximum allowed fee rate of £9,000 and thus there will be no increase for continuing students if this maximum rate continues at this level. We would only consider an increase to the fee rate for continuing students in subsequent years if the government were to make changes to increase the maximum variable fee rate above the current £9000 and whether this was needed to reflect the increased cost of delivering the course in subsequent years.

2.3 I also understand that should I need to repeat courses that are subject to the academic decisions made about my study, I may be required to pay repeat tuition fees.

2.4 **ELQ: Studying for Equivalent or Lower Level Qualifications.** I am aware of, and understand, the Government’s Higher Education Funding policy for students who are considered to be studying Equivalent or Lower Level Qualifications (ELQs). I understand that if I am an ELQ student this may affect the level of tuition fee that I am charged in this academic year and future years, which will
be higher than the current standard rates. Further information is available on the university website.

2.5 There is normally no fee charged for the assessment and award of credit for Accreditation/Recognition of Prior Learning. However the university does not discount the normal tuition fees payable for the programme of study where APL is granted. Students who are sponsored by NHS/Health sector may come under different arrangements and should check this with their University Faculty. Further information for all students is available on the university website under Recognition of Prior Learning.

All data collected will be forwarded to the Higher Education Statistics Agency (HESA). For further information refer to their Data Collection statement”. I may also be contacted about a longitudinal survey at a later date, but am able to opt out of this and these surveys are voluntary. I understand that further information about these types of bodies, is available on Student & Academic Services Shared student data web pages.

3.10 I understand that the university’s Alumni office may contact me after I leave the university, either itself or via an agent, for the purposes of keeping in touch, and to make me aware of any events, news or information which I might be interested in, or for philanthropic support on behalf of the university’s charitable mission. I can opt out of this service if I wish.

10.1 I am aware that it is the university’s policy not to check if students have criminal convictions, with the exception of students studying qualifications, attending placements, or carrying out voluntary work which brings them in to contact with children and/or vulnerable adults, or as required by law or a professional body. Examples are students on teacher training, pharmacy and nursing
programmes of study. Such students must receive clearance from the Disclosure and Barring Service (DBS) before being able to proceed with all elements of study.

10.2 I understand that I must have commenced the DBS application process before I complete part 2 face to face registration, and at the latest by the end of week one of term one in my first year. 18.2 I understand that the university monitors the implementation of its equality scheme and strategy and that providing the necessary equal opportunities information at registration, while not compulsory, will help this monitoring take place. This will also benefit policy development and action planning.

19 DISABLED STUDENTS

19.1 I understand that for the university to provide appropriate reasonable adjustments and guidance, I have a responsibility to declare at registration any disabilities I have.

19.2 I understand that any disability information is held and monitored by the Student Wellbeing service. If necessary, this information will be shared with relevant University staff to enable them to provide advice, support and guidance.
